74 YEARS OF LIONISM!

Lionsim goes beyond the local community. Over the years we have joined with other Harford County Lions Clubs to meet needs in the “larger Community”. With the other clubs we were able to purchase sight equipment for indivual students and for low sight classrooms across the county. We collect used glasses for sight projects worldwide. In 1998-1999 we made a pledge of \$12,000.00 to the Lions Vision Research Foundation at the Wilmer Eye Clinic at Johns Hopkins. In addition to the Club donation individual Jarrettsville Lions donated another \$ 3,056 for a total of over \$15,000.
